

## **British Sign Language Level 3**

### **What will the course involve?**

Level 3 is more advanced and we cover how to have discussions and debates in both formal and informal settings. Candidates will be able to sign at normal speed and fluency and understand a wide range of work and social vocabulary.

### **What we will cover**

Essential vocabulary at advanced level covering:

Timeframes- past, present, future

Appropriate behaviour when socialising and working with Deaf people

Ability to adapt your register with different people and domains

Express your opinion and arguments in a debate situation

And much more....

### **Assessments**

You are required to undertake six assessments; four receptive, one presentation (which covers productive) and one dialogue. If you are unsuccessful for any of the assessments, you can retake them.

### **How will Femaura teach the course and am I required to complete homework?**

We will use a number of teaching methods such as filmed and assessed tasks, group activities, demonstrations and a variety of receptive exercises.

All resources are provided so you don't need to bring anything with you. Homework will be given and you will receive feedback on both class work and homework in BSL.

### **What will I achieve at the end of the course?**

You will be able to give a professional presentation about Deaf issues, use various BSL grammatical structures with fluency, understand a wide range of vocabulary and answer questions at advanced level.

### **Can I get extra support during the course?**

Femaura will provide information and signpost you to other services including further opportunities for education and work, book and video references, deaf and disability support, dyslexia support, counseling, or any support you require during the course. We deliver English and Maths OCR qualifications if you would like to improve your skills in literacy and numeracy.

### **Can I do other Femaura courses alongside this course?**

We recommend you undertake our one-day Deaf Way Level 1 and 2 courses, as this will give you underpinning knowledge of the Deaf world, which will subsequently help with your ability to understand and learn the language.

### **What next?**

At the end of the course, you will have the opportunity to discuss the next steps available to you with your tutor and complete an evaluation form.

### **Further progression**

You can apply for a place on our Signature Level 6 course.
